Spurling pay close attention to the colours bridal gowns and bridesmaid dresses are offered in and endeavour to make sure their formal accessories match or complement your wedding colours.

Your formalwear expert will guide you through the appropriate collections depending on your wedding theme.

Hire

SUIT HIRE – HOW DOES IT WORK?

Selecting the perfect outfit for your special occasion requires a little bit of TLC. That's where Spurling's professional formalwear consultants can help. At your initial appointment we will discuss the dress code of your function and help you find your perfect outfit, complete your initial fitting and place your order. At this time a bond is taken to secure your booking, your suit will be ready for a final fitting and collection will take place a few days before the function. At the final fitting we will ensure that all items fit correctly and, most of all, you look great and feel comfortable. If any changes are required, this can be done on the final days before the event. Finally, the outfit is returned the next business day following the function and your bond returned. The cost of dry cleaning is included in the hire fee.
